

Future Collaborative Research: Pre-Symposium Workshop

Monday 14 November 2016

Conference Centre, Sports Science Institute, Newlands, Cape Town

This open workshop aims to provide a platform for information sharing among various organisations and research groups involved in marine research in the Benguela ecosystem. Each ten-minute presentation will briefly cover current and future research priorities and plans. These will help inform discussions during the week of the Benguela Symposium and into the future.

PROGRAMME

- 14:00-14:10 Welcome
- 14:10-14:20 National: South-South Research Plans (Gilbert Siko)
